Assessor Claassen went to Silver City this week to tell the county commissioners what he knew about the value of certain property which the commissioners suspected had not been rendered at its full cash value.

Last week Miss Minnie Kellum was visiting at the Boardman ranch and while there was out horseback riding with Mr. Speed and Mrs. Hays. As the party was riding along a canon Mrs. Kellum caught sight of a couple of deer on the side of the mountain and came near starting them over into Arizona the first thing. Luckily the deer were far enough away so they did not hear the exclamation, but continued quietly feeding. There was no gun in the party so it was decided that the ladies should watch the deer while Mr. Speed went to the ranch—about two miles away—after his Winchester. While he was gone the deer continued feeding quietly and only once did they raise their heads as though they were going to start off. "Please, pretty deer, won't you wait till Mr. Speed gets back, so he can shoot you?" Whether the deer heard this piteous appeal from the fair lips and gallantly waited, or whether they failed to hear it and staid because the feeding was good has never been ascertained. When Mr. Speed returned the deer were still quietly feeding. Miss Kellum took the gun to shoot out of the deer but complained that as soon as she would draw a bead on one deer the other would walk in front of the gun and she could not shoot without hurting the wrong deer. Mrs. Henry took the gun but complained that both the deer and the gun would "wobble." Speed muttered something about an epidemic of buck fever, took the gun and shot one of the deer. The ladies were greatly elated at the result of the shot and helped drag the deer to a tree, where a rope was thrown over a limb and the combined efforts of the three were sufficient to pull it up where it could be dressed. While Speed was dressing the deer the ladies went to the ranch after a team. There was no man at the ranch to hitch up a team, but the ladies were too much excited to mind that and so hitched up the team themselves and drove back after the venison. Speed said that when he came to look the harness over it was fastened in three different places with pins and one tug was fastened to the single tree with a twisted hairpin. How this was done is a mystery which will haunt Speed from now to the day he is married. The next day the ladies were heard telling Mrs. Kellum that "the deer we killed was the finest tasting venison you ever saw."

The opposition to the appointment of S. T. Harkey as receiver of the defunct Meredith & Altman bank was so pronounced that Judge McFie refused to confirm the appointment. It was inadvisable to leave Assurance Goldman in charge and so the court appointed W. A. Leonard as receiver of the bank. The appointment is universally approved and it is hoped that the creditors can now at least find out what became of so much of the property the firm was supposed to own. Assignee Goldman has advertised the list of notes which were recently stolen (?) from him.

The Hon. Wm. Ellison, better known as Cyclone Bill, has blossomed out into all the glory and honor of a deputy United States marshal. Col. Ellison has been armed with a Winchester and a blank warrant, mounted on a claybank horse and sent out to search the two territories for the crook-fingered man who attended the festivities incident to the robbery of Paymaster Wham. The Lord-bug crickets have all succeeded in proving satisfactory alibi.

Gilbert Webb arrived in town on Sunday from Tucson. Mr. Webb experienced no difficulty in raising the amount of his bonds, and feels confident that all of the parties now under arrest for participation in the Wham robbery will have no trouble in proving the innocence when the case comes to trial.—Bulletin.

The Walker, Iowa, News, says: "Our old friend, Robert Baird, of Muscatine, Iowa, has been secretary of the state senate, and an active politician for years, but was never generally known until he had the colic, and used Chamberlain's colic, cholera and diarrhoea remedy, and got in to one of their advertisements. "Now he is famous." Here is what Mr. Baird said: "While in Des Moines, I was taken with a severe attack of bowel complaint. For two days I suffered intensely, trying several different remedies, but in vain. I finally bought a small bottle of Chamberlain's colic, cholera and diarrhoea remedy, and two doses of that brought me out all right. It costs less than the drug store preparations and I have the balance for future use. I consider it a grand remedy." 25 and 50 cent bottles for sale at Eagle drug store.

A woman named Munger tried to do up Alderman Joe Sheridan at Silver City. The alderman was too much for her and she was glad to go into the police court, plead guilty to assault and battery and pay a fine of \$50. The woman—or man either—that does up Alderman Joe has got to get up very early in the morning.

The pumps at the well were both disabled this week, and as a consequence the water supply was cut short. A new pump arrived Wednesday morning and while it was being put in place the railroad company supplied the town from water cars.

Mr. F. J. Smith, editor of the Ft. Aberronbie, Dakota, Herald, says: "The most wonderful medicine, I have ever met with, is Chamberlain's colic, cholera and diarrhoea remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensable. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale at Eagle drug store.

THE NEWS

ONE CENT

THE CHICAGO DAILY NEWS

The Real Secret of the unparalleled success of THE CHICAGO DAILY NEWS has been found in two distinguishing characteristics, which more than anything else have contributed to its remarkable growth.

FIRST—It is a Daily Paper for Busy People.

The people of the busy West appreciate keenly the necessity of an intelligent knowledge of the world's daily doings, but they are too busy to waste valuable time in searching through a cumbersome "blanket-sheet" newspaper for the real news of art, literature, science, religion, politics, and the thousand and one things which make up modern civilization. They want news—all the news—but they don't want it concealed in an overpowering mass of the trivial and inconsequential. It is because THE CHICAGO DAILY NEWS is "all wheat and no chaff," that its circulation is over "a million a week."

SECOND—It is an Independent, Truth-telling Newspaper.

The people demand a fair, impartial, independent newspaper, which gives all the news, and gives it free from the taint of partisan bias. With no mere political ambition to gratify, no "ax to grind," the impartial, independent newspaper may truly be "guide, philosopher and friend to honest men of every shade of political faith; and this is why THE CHICAGO DAILY NEWS has today a circulation of over "a million a week."

THE CHICAGO DAILY NEWS now adds to these two comprehensive elements of popularity, a third, in its unparalleled reduction of price to ONE CENT A DAY.

It is always large enough—never too large. THE CHICAGO DAILY NEWS is for sale by all newsdealers at One Cent per copy, or will be mailed, postage paid, for \$3.00 per year, or 25 cents per month. The farmer and mechanic can now afford, as well as the merchant and professional man, to have his metropolitan daily.
